CALL FOR VOLUNTEERS

NCCCO PLANS DIGGER DERRICK OPERATOR CERTIFICATION PROGRAMS

The National Commission for the Certification of Crane Operators (NCCCO) is planning an expansion of its national crane operator certification programs with the addition of a new program: digger derrick operator certification. It is envisioned that most of the development work for this new program will be conducted during 2011 and first quarter 2012.

Qualified individuals are invited to participate in these development activities as a member of the Digger Derrick Task Force. The Task Force will guide the development of this certification program. Task Force applicants must be able to demonstrate significant expertise in the subject area and be able to devote sufficient time and resources to attending several (approximately six) in-person meetings during the anticipated 10-month development timeframe.

If you feel that you may meet the requirements for participation for this important project, please complete the attached Application Form and email it back to Program Manager, Joel Oliva, at joliva@nccco.org or send via fax at 703/560-2392 as soon as possible. Your application will be reviewed by the Task Force chairman and you will be contacted shortly.

The inaugural meeting of the Digger Derrick Task Force will be held June 27-29, 2011 in San Antonio, TX. Additional information will follow once applications are submitted.

Sincerely
Graham Brent
Graham Brent
Executive Director
Please complete all sections.
