

INNOVATION FROM THE GROUND UP

March 22-26, 2011
Las Vegas, USA

FOR LIFTING... IT'S WORTH IT

Gain a competitive edge in lifting by attending CONEXPO-CON/AGG 2011. Register now for the show that will help drive your business.

See how the lifting industry has advanced crane fleet maintenance, performance and safety since our last great show in 2008. Network and talk with experts responsible for these remarkable innovations. Be there to take it all in—so you can take it all back with you.

CERTIFICATIONS AT CONEXPO-CON/AGG 2011

Make sure your crane operator certifications meet both established and new industry standards and requirements. Here's a complete list of lifting certifications that will be offered:

Presented by the National Commission for the Certification of Crane Operators (NCCCO)

Crane Operator Certification Examinations

CCO Operator written exams:

- » Mobile crane, core and one specialty
- » Additional specialties (up to 3 more)
- » Tower crane
- » Overhead crane
- » Articulating crane

CCO Operator practical exams:

- » Mobile
- » Additional mobile crane types (up to 2 more)
- » Tower crane

CCO Signalperson and Rigger written exams:

- » Signalperson
- » Rigger
- » Signalperson and Rigger combined

THE LIFTING INDUSTRY IS HERE

In addition to the hundreds of exhibitors that will be demonstrating the latest in lifting technology, we'll be joined by the most prominent domestic and international organizations to talk lifting.

- » American Rental Association
- » Associated Builders and Contractors
- » Associated Equipment Distributors
- » Associated General Contractors of America*
- » Association of Equipment Management Professionals*
- » Association of Equipment Manufacturers
- » California Rental Association
- » Construction Financial Management Association
- » Construction Safety Council
- » Historical Construction Equipment Association
- » National Association of Women in Construction
- » National Commission for the Certification of Crane Operators*
- » Scaffold Industry Association
- » Specialized Carriers & Rigging Association
- » ANMOPYC (Spain)
- » Builders' Association of India (India)
- » CAVADREPA (Venezuela)
- » Chilean Chamber of Commerce (Chile)
- » China Chamber of Commerce for Import & Export of Machinery & Electronic Products (China)
- » China Construction Machinery Association (China)
- » Committee for European Construction Equipment
- » Construction Equipment Association (UK)
- » Danish Construction Association
- » Der Zentralverband des Deutschen Baugewerbes (Germany)
- » IMDER-Construction Equipment Distributors and Producers Association (Turkey)
- » Korea Construction Equipment Manufacturers Association (Korea)
- » New Zealand Contractors Federation (New Zealand)
- » Philippine Constructors Association (Philippines)
- » SOBATEMA - Brazilian Association of Technology for Equipment and Maintenance (Brazil)

***Organization will have an industry meeting or annual conference**

PRODUCT CATEGORIES

2500 exhibitors featuring these product categories:

- » Aggregate Equipment
- » Asphalt Equipment
- » Attachments
- » Compactors
- » Components & Accessories
- » Compressors/Generators/Light Towers
- » Concrete Equipment
- » Construction Materials
- » Drills
- » Earthmoving
- » Electrical & Mechanical Power Transmission Products - IFPE
- » Electronics/Controls/Instrumentation
- » Engines & Powertrains
- » General Utilities
- » Industrial Hydraulic Products - IFPE
- » Information Technology
- » Lifting Equipment
- » Mobile Hydraulic Products - IFPE
- » Pneumatic Products - IFPE
- » Pumps
- » Related Products & Services - IFPE
- » Rollers
- » Safety & Security
- » Saws
- » Services
- » Trucking & Hauling
- » Water Hydraulic Products - IFPE

For a complete list of Lifting Exhibitors, please see pages 3-4.

2008 TURNOUT WAS AMAZING

The following chart demonstrates CONEXPO-CON/AGG 2008 attendance figures from the lifting industry among a wide variety of title designations. Expect to see and meet many of these dynamic lifting professionals at the 2011 edition.

ATTENDANCE BY SPECIFIC LIFTING BUSINESS

The numbers alone speak volumes

- » **1,000+** new products and technologies on display
- » **126** education sessions
- » **140** countries represented
- » **2,500** exhibits showing the latest innovations
- » **900** industry meetings

THE CRANE AND RIGGING CONFERENCE (CRC)

CRC is the leading independent conference for the crane and rigging industry and is designed to offer safety personnel, fleet and facility managers, as well as operators an independent forum where crane users and suppliers can debate the real-world dynamics of working with this equipment. The conference will feature some of the most respected and informed professionals in the crane and rigging industry. The Crane and Rigging Conference (CRC) is staged by Maximum Capacity Media LLC.

CUSTOMIZED EDUCATION SESSIONS FOR LIFTING

CONEXPO-CON/AGG 2011 features industry-customized education sessions as well as business management courses for long-lasting success. With many sessions of special interest to lifting professionals—scheduled Tuesday through Friday, plus a special Friday workshop—we've outlined some highlights:

T-44 Crane Fleet Maintenance

Focus on best practices for obtaining maximum up-time from your crane fleet. Discussions will include preventive/predictive maintenance, mechanical inspection procedures and effective repair practices.

W-38 Highlights of Changes to OSHA Crane Rules/New OSHA Crane Standards

Compare how old rules contrast against proposed rules, gain insights on anticipated changes and receive

recommendations for future compliance needs. Be prepared for new regulations, know where training and certification can take place and understand how additional areas of responsibility may impact your business.

TH-28 Crane Safety Through Professional Equipment Management

Develop a culture of safety in your company through proper machine maintenance and OSHA regulation compliance. Learn how to minimize cost of ownership for your chosen level of corporate safety.

Friday Workshop: OSHA 10-Hour Course for the Construction Industry

Provides management, supervisors, and construction workers with general awareness on recognizing and preventing hazards on a construction site.
