October 2014

CALL FOR VOLUNTEERS

NCCCO PLANS PILE DRIVING RIG OPERATOR CERTIFICATION PROGRAM

The National Commission for the Certification of Crane Operators (NCCCO) is planning to expand its growing range of certification programs with the addition of a new program: Pile Driving Rig Operator certification. Sponsored by the Pile Driving Contractors Association (PDCA), this new program will be developed over the course of the coming year for launch in early 2016.

An opportunity exists for qualified individuals to participate in these development activities as a member of the Pile Driving Rig Operator Task Force. The Task Force will guide the development of this certification program. Task Force applicants must be able to demonstrate significant expertise in the subject area and devote sufficient time and resources to attending several (approximately six) in-person meetings during the anticipated 14-month development timeframe.

If you are interested in volunteering and feel you may meet the requirements for participation for this important project, please complete the attached Application Form and email it back to Director of Operations and Program Development, Joel Oliva, at joliva@nccco.org or send via fax at 703-560-2392 as soon as possible. Your application will be reviewed by the Task Force chairman and you will be contacted shortly.

The inaugural meeting of the Pile Driving Rig Operator Task Force will be held November 19–20, 2014, in Orange Park (Jacksonville), FL and attendance at this meeting is strongly encouraged. Additional information will follow once applications are submitted.

Sincerely

Joel Oliva

Joel Oliva
Director of Operations and Program Development
1. Contact Information.

Name: ____________________________________________

Title: ____________________________________________

Company: ____________________________________________

Address: ____________________________________________
